

**SATYA/ADMN/CIR/2023-24/069**

**August 12, 2023**

Dear Parents,

Greetings!

As you are aware, our school will be hosting its annual Inter school competition '**ODYSSEY-Every Journey Matters**' on **Friday, August 18, 2023** for the first time in physical space. We have received an overwhelming response and approximately 450 students will be taking part in various events, including some of our students who are participants and volunteers.

The event will comprise of different activities running simultaneously at different venues throughout the school campus. This would affect the smooth functionality of the academic classes. Considering this, we would like to announce school closure for all grades on **Friday, August 18, 2023**.

**Please note the following points:**

*-The Day Care Facility will also be suspended for this day.*

*-The After School Sports Programme scheduled for Friday, August 18 will be compensated later.*

We seek your support and appreciate your understanding. We believe that these events contribute significantly to the overall growth and development of our students and the school.

Warm regards,

**Neeti Bhalla Saini**  
**Executive Principal**
