Dear Parents,

Namaste!

As we gear up for the upcoming academic session, we are excited to share some significant developments in school's academic, administrative, infrastructural and sports facilities. We have been diligently working towards enhancing the school environment to provide a better educational experience for our students. Several infrastructural developments have been undertaken to create a more conducive learning space. Recognizing the importance of physical activity and sports in holistic development of students, we have invested in upgrading our sports facilities like building of another basketball court & introducing cricket. These enhancements will provide them with better opportunities to engage in various sporting activities with an aim at creating competitive teams for various games. In today's digital age, technology and innovation plays a pivotal role and to keep pace with the evolving educational landscape, we have upgraded our digital resources and have planned innovation and STEM based programmes in the year to come.
