

SATYA/ACAD/CIR/2024-25/113

December 23, 2024

Dear Parents,

Namaste!

As a part of our continuous endeavour to nurture young minds and encourage the habit of reading and learning, we are delighted to introduce the **Times NIE Student Edition** newspaper to our students.

This initiative aims to foster critical thinking, improve general knowledge, enhance vocabulary and develop interest in journalism through engaging articles, puzzles and creative content. The **Times NIE** programme is an internationally appreciated concept, cherished by students and educators across India in 16 states. It is specifically designed to cater to young readers, providing age-appropriate and intellectually stimulating material.

The newspaper will be distributed to students on all working days, and we believe that it will serve as a valuable resource for their overall development. We request you to support this initiative by motivating your child to make the most of this opportunity and develop a lifelong habit of reading.

We look forward to your cooperation in fostering a culture of learning.

Warm regards

**Manisha Malhotra**  
**Director Principal**
