Dear Parent,

Namaste!

We are delighted to present **The Satyan – School Magazine (2025–26)**, a proud reflection of our students' creativity, talent, and perseverance.

Every page of this edition is the result of months of dedicated effort, thoughtful collaboration, and the unwavering commitment of our young writers, artists, photographers, editors, and mentors. **It is a celebration of their imagination, hard work, and passion for excellence.** It is also a kaleidoscope of the events and learning of the year gone by.

It gives us immense pride to share this special edition with you. We invite you to explore its pages and celebrate the remarkable achievements, ideas, and voices of our students. We hope you enjoy reading it as much as our students enjoyed creating it.
