ENRICHING SESSION ON SCHOOL CULTURE & TRANSDISCIPLINARY THEMES BY DR. SENTHIL

Team Learning
We learn better together

- It means
 - Collective thinking is more powerful than individual expertise
- In schools
 - Teachers learn *with* and *from* each other
 - Conversations focus on practice, not complaints
- Looks like
 - Joint lesson planning
 - Open classroom discussions
 - Respectful disagreement
- Culture Message:
Staff rooms can be either complaint rooms or learning rooms

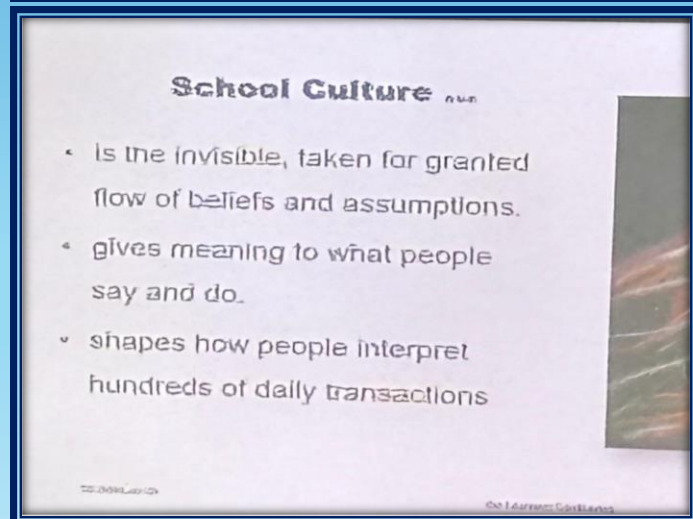

SL 10000_041118 The Learning Conference ILC

Trust ...

Schools ko naye slogans nahi chahiye.
Unko thodi zyada listening,
thodi kam shouting,
aur thodi zyada trust chahiye.

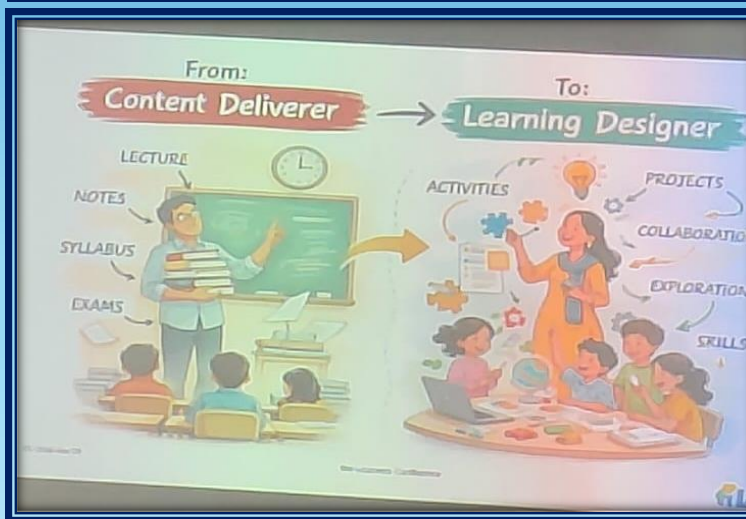

SL 10000_041118 The Learning Conference ILC

School Culture

- Is the invisible, taken for granted flow of beliefs and assumptions.
- gives meaning to what people say and do.
- shapes how people interpret hundreds of daily transactions

SL 10000_041118 The Learning Conference ILC
